

Due to continued expansion Express Diagnostics is looking to recruit for the following positions;

Cardiac Physiologist (ECG & Holter Analysis only)

(Full time / Part time)

Wide knowledge base with experience in both Holter analysis and 12 lead ECG interpretation.

SCST Diploma preferred other experience/alternative qualifications will be considered.

Happy to discuss flexible working.

Qualified/Trainee Cardiographer

SCST Practical and Certificate Award preferred other experience/alternative qualifications will be considered

Where individuals do not already hold a suitable qualification the necessary training will be given prior to candidates undertaking the SCST examination.

If you are interested in applying for either position or have any questions please e-mail/speak to emma.kingdom@expressdiagnostics.co.uk or for an informal chat call 01752 201144.
